

*Science brings Europe
and India closer*

New INDIGO

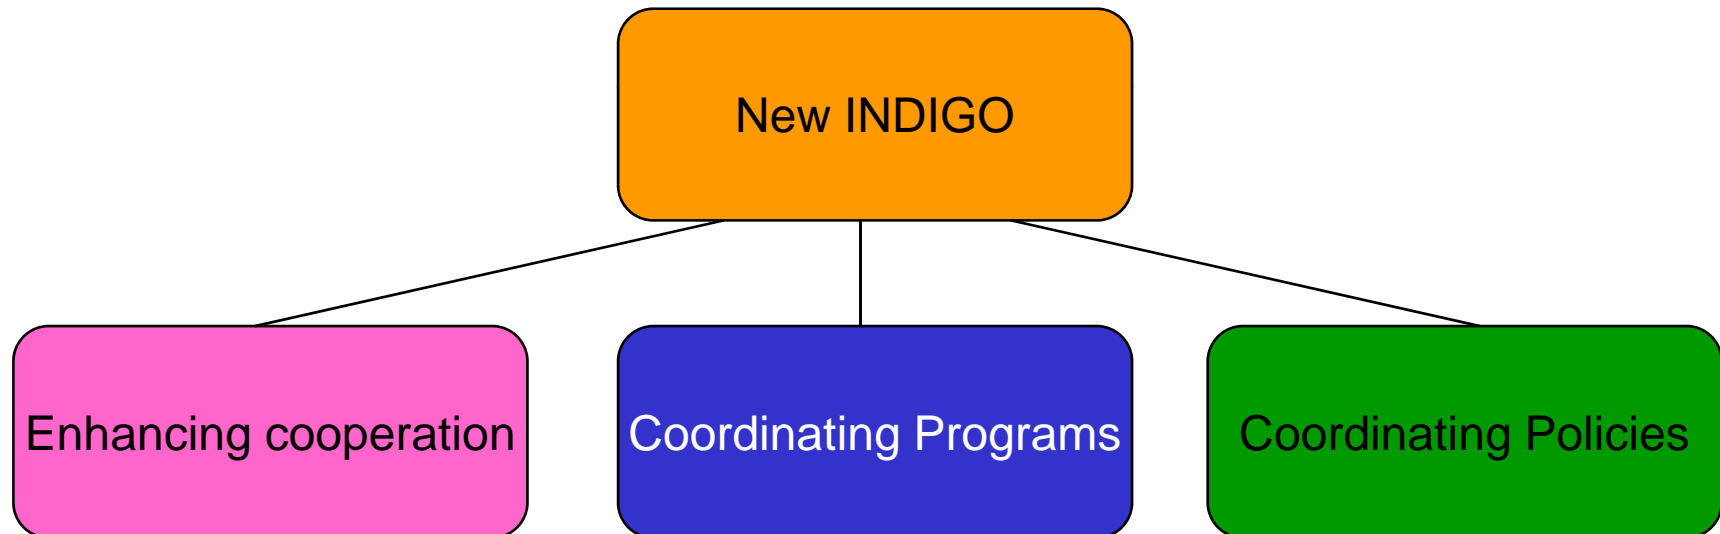

**Initiative for the Development and
Integration of Indian and European
Research**

**EU-India collaboration opportunities in Environment Research: A
Dissemination Event , Bengaluru, India**

New INDIGO Network

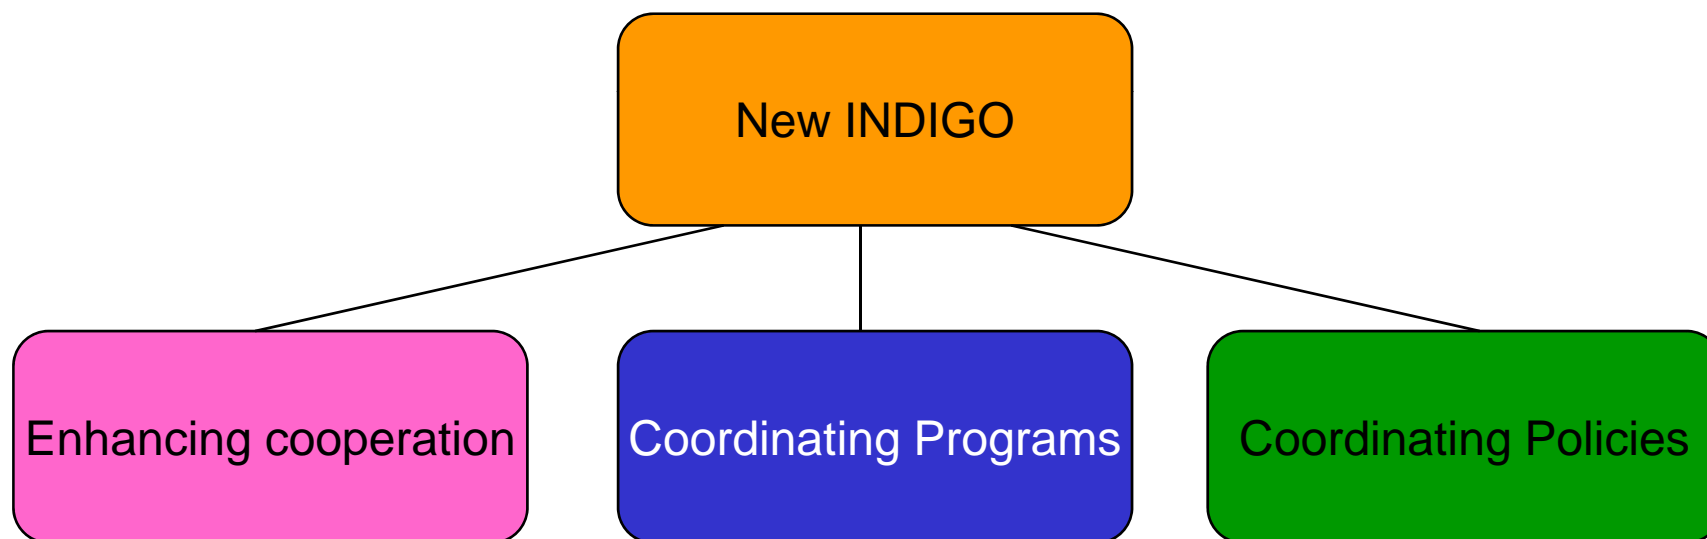

Objectives

Enhancing cooperation

- **Provision of information**
 - S&T landscapes in EU/India
 - Funding opportunities
 - Partnering opportunities
- **Promotion of Indian participation in FP**
 - Trainings/infodays in India
 - Focal Points
 - Action towards EU NCPs
- **Association of India to thematic ERA-NETs**

Objectives

Coordination of programmes

Networking Pilot Programme (NPP)

- Be simple for the scientists
- Be flexible
- Avoid duplication with existing schemes
- Involve various countries
- Pave the way to sustainable cooperation

NPP call 2011

- **Water Related Research**
 - Waste Water Management including applications in Industry and Agriculture
 - Green Chemistry applied to Water Purification including Drinking Water Purification
- **From Belgium (Flanders), Finland, France, Germany, India, the Netherlands, Spain**
 - + other European countries if funding is secured

NPP projects

- **2 year networking projects**
- **2+1 minimum**
- **Public research**
- **mobility, workshops and 10% flexibility (national rules)**
- **10 to 15 projects**
- **50 000€/ 2 years / country / project**

NPP Procedure

- www.newindigo.eu/npp
- **Timeline**
 - Pre-registration 18/04 – 20/06
 - **Full project proposals** 18/07 – 07/09
 - Funding decision December 2011
- **Joint evaluation and selection**
- **Improvements from call 2010**
 - In procedures, communication
 - Internal and external evaluation

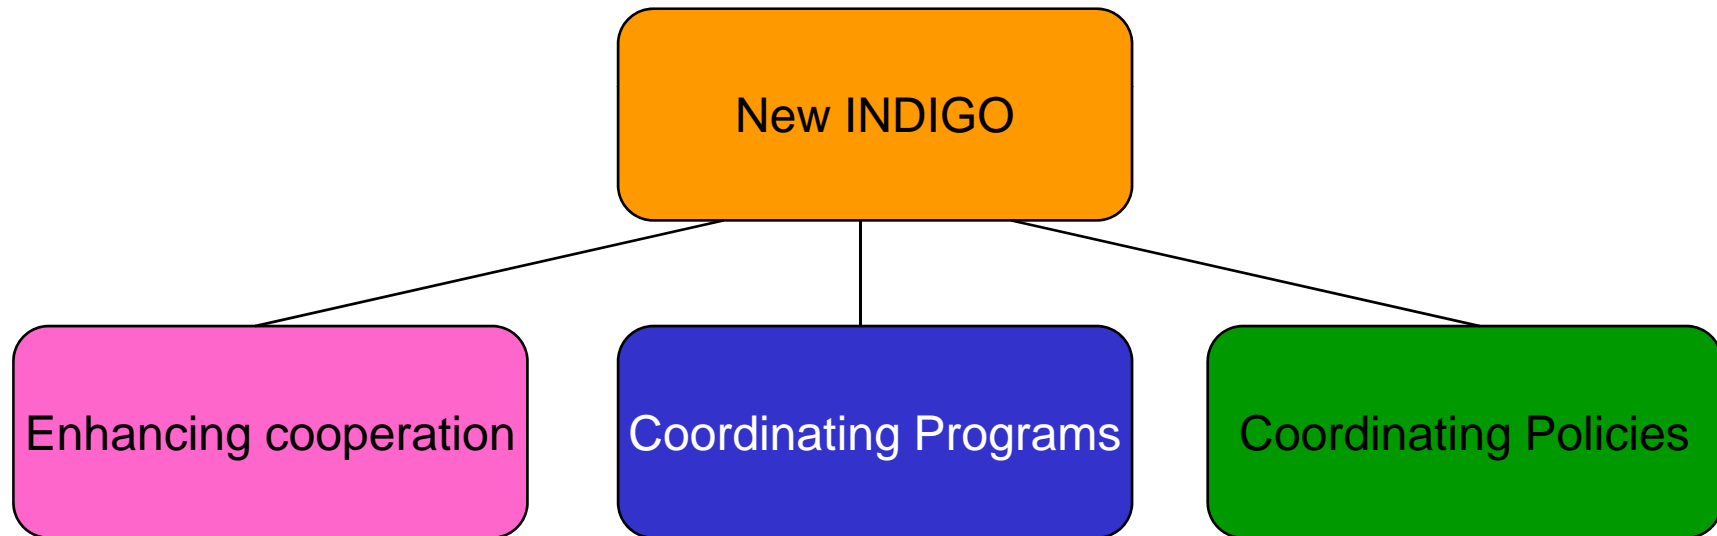

NPP call 2012

- **In preparation**
- **Biotechnology applied to Human Health**
- **3 year research projects**
- **2+1**
- **Public research / SMEs (national regulations)**
- **~ 150 000€ / country / project**
- **Indian funding partner : DBT**
- **Publication foreseen end of 2011**

Why participate?

- **Specific networking opportunities**
 - Preparing future cooperation
 - Expanding existing cooperation
- **Multilateral projects**
- **Simple application**
- **Flexible model to be adapted after applicants feedback**
- **Specific support**
 - National Contact Points
 - PR
 - S&T Cooperation Days
- **Gateway to Europe for Indian researchers and to India for Europeans**

Objectives

Foresight exercise on the future of India EU cooperation

- **2020 perspective**
- **Goal:**
 - offer insights to current policy-making processes
 - by bringing together target groups (including sc)
- **Feed 12th five year plan / FP8 / EU national strategies**
- **Analysis of current cooperation**
- **Future scenarios**
- **Possible instruments**

Foresight study steps

- **Bibliometric analysis of co-publications 2000-2010**
- **Identification of scientists who co-published and on-line surveys on cooperation drivers**
- **Drivers workshops (programme owners, Indian scientists)**
- **Scenario building workshops (policy-makers, European scientists)**
- **Instruments workshop (policy-makers and scientists)**
- **Adoption of final recommendations and presentation to Indian and European policy makers**

How can you benefit from New INDIGO support ?

Register on New INDIGO website

- Access further documentation
- Make your organisation visible
- Access other organisations data in directory
- Make your projects visible
- “Your input” section
 - News
 - Events
 - Topics suggestions for future calls
